

Join Open Systems Technologies and HP for the Rethinking Business Continuity Steak and Storage.

Disaster can strike at any moment. Are you prepared?

Attend this workshop to learn how server virtualization can have a tremendous impact on business continuity in your IT environment. The HP LeftHand P4000 SAN with built-in disaster recovery features will ensure that your critical business applications will always be accessible.

During this session, you'll discover how you can:

- Keep applications online and recover quickly after a site failure
- Easily and cost-effectively integrate remote and branch offices into your HA/DR plan
- First 10 to sign up will receive a \$25 American Express Gift Card! *Must attend to receive.*
- We will have a drawing to give away one Kindle!

Agenda

- 10:30 a.m. Welcome and Registration
- 11:00 a.m. Lunch and Presentations
- 1:00 p.m. Q & A and Adjourn

HP SAN and virtualization experts are coming to a location near you. Sign up today and see for yourself how you can improve data availability and drive costs down.
