Rather than sitting through another PowerPoint presentation, listen to local companies discuss why they choose NetApp and see NetApp in action first hand

See live demonstrations of NetApp and VMware using OST's NetApp 2050 and HP Blade Center. Live demo's will include;

- NetApp's deduplication
- Differences between FCP, iSCSI, NFS
 - NetApp snapshots for VMware
- Windows File Sharing (CIFS) on NetApp

We'll show you how to leave the competition behind using NetApp

- By using 50% less storage with NetApp. GUARANTEED.
- NetApp is the best defense for Data Protection
- NetApp's simple, efficient and cost effective DR Solutions
- You'll win when running VMware on NetApp
