WHERE TO GO FROM BAAN IV

Are you definitely moving to LN? Are you intrigued by Microsoft Dynamics AX? Are you curious about what else is out there and a good fit for a Baan IV customer? What about Cloud solutions like NetSuite or Plex? OST (who sells NONE of these products) has a proven methodology to help you make the right choice. We will guide you through the process, assemble a demonstration script, coordinate vendors, and help you land on a platform that will support your business for years to come.

While OST has made our name in the Baan space, we have grown and evolved with many of our customers who have made these tough decisions. Learn from our experiences and allow us to help you make the right choice.

DON'T CALL IT A COMEBACK BAAN / LN USERS GROUP

Do you want to be a part of reshaping the Baan/LN User Group community? Stay tuned for more information or feel free to contact David Gerrity at dgerrity@ostusa.com to inquire about how you can get involved today!

BAAN TIP OF THE MONTH: LN ARCHIVING

Bottom line, GET STARTED!! Too many customers waited too long to archive in Baan IV making it difficult or impossible. LN Archiving works (though not perfectly) and the sooner you start, the easier it will be!

DON'T JUST TAKE OUR WORD...

"OST has recruited a team of individuals that have a terrific balance of business knowledge and exceptional technical expertise. However, it is their ability to build strong relationships based on key values like integrity and commitment that place them at the head of the class."

Jeff Kurburski, VP Information
Technology, Herman Miller

ABOUT OST

OST (Open Systems Technologies) is an employee-owned, \$55 million company. Over the past 15 years OST has supported more than 400 Baan/ERP LN customers around the world with education & technical implementation services.
