THE NATION'S LEADER IN HEALTHCARE IT SECURITY ASSESSMENTS

Sure, we get it. You have someone already. He/she is located close to your office. They already do your tax audits or might even be your local IT partner. So...

WHY WORK WITH A NATIONAL FIRM LIKE OST?

Healthcare Specific OST has performed more healthcare IT security assessments than anyone in the nation.

The Montgomery Method Our streamlined process was developed specifically for healthcare by IT security expert, Scott Montgomery.

24-Hour Turnaround We perform your security assessment and present the results along with recommendations the next day.

Hassle Free You won't even know we were working on your system.

Comparisons with Other Facilities We will show you how your IT security stacks up against other healthcare institutions.

Cost-Free Recommendations 95% of our recommendations will not cost you a dime.

We Will Not Embarrass Your IT People We want your systems to be secure and for everyone to feel good about it.

100% Satisfaction Our healthcare customers have *never* left us for a competitor.

The Bottom Line...

YOU CAN'T AFFORD *NOT* TO WORK WITH OST

OST's Healthcare IT Security Assessments can help you meet your regulatory requirements, but more importantly will insure that your IT systems are safe and secure.

And that lets everyone rest easier, knowing that you're taking steps to keep your name out of the headlines.

MONEY BACK GUARANTEE

If this is not the BEST assessment experience that you have ever had, we will refund your money back 100%.

DON'T JUST TAKE OUR WORD...

"The professionalism and knowledge of the team complimented by the thoroughness of the security audit and the detail of the security reports has enabled us to make the appropriate strategic and tactical investments to our security infrastructure that not only reduces our risk exposure but also enhances the level of customer service we provide our patients. Our expectations have been met with each audit and we highly recommend the security service to any business."
